Dear Mr. ~~Dorn~~ Dorn,

I would like to thank you for the work that you and your organization did during the 2007 legislative session. We were able to make significant gains and enhancements in our K-12 education system and you played a large part in that success.

As you know, we were finally able to make some headway in equalizing salaries on a state-wide basis. I think it is very clear that the funding provided for classified employees was for this specific purpose. While I know that classified employees need to bargain locally for salaries, I hope and trust that it will be done with the goals the Legislature laid out during the 2007 session.

If there are any questions about legislative intent or on any other issues, please feel free to contact me. I very much enjoyed working with you and appreciate all the work that classified employees do to make our education system run effectively and efficiently.

Sincerely,

Pat Sullivan
