# TEAM BUILDING

**How well do you listen? Observe? Follow Instructions? Do you give clear instructions? Can you motivate and “coach” a team? Can you think “outside the box” to find solutions?**

**Through interactive group activities you will learn about yourself – your strengths and areas to improve for functioning as part of a team.**

**Presented in an interactive format using music and modeling, Randy makes the experience fun and enjoyable. In a short time, you will take away insights that will help you to build a team and be a valuable team player.**
